Refrigerator Repair Cary NC is very responsive and easy to schedule. They identify our issues quickly and give us text messages with all of the detail and cost to review and accept at our convenience. There parts came in quickly and the service was scheduled of my refrigerator and completed quickly. Aaron was very professional and knowledgeable.

Our technician, Aaron came out for service on the refrigerator and was able to complete the job in a timely manner. He was very courteous, kind, and knowledgeable about repairing and maintaining the refrigerator. I recommend using Refrigerator Repair Cary NC for your refrigerator repair needs. They were quick to reply and able to send technicians out in a reasonable time frame.

Aaron did a great job for us. He came out and did an initial evaluation of our ice maker and determined what was wrong very quickly. Aaron followed up with the actual repair once the parts came in (which took very little time) and made the repair in less than 30 minutes. Ice maker works great now!

I'm thrilled that I've discovered Refrigerator Repair Cary NC. They were easy to reach, did what they said they were going to do and Aaron, my tech, was timely, communicative, professional and my refrigerator works better than ever! I'll definitely be using Refrigerator Repair Cary NC again in the future.

diagnose a Ice Maker. Came out quickly and process was pretty seamless. Received a quote after their technician was done however I did not quite agree with the quote and decided to resolve the issue myself. Their service and response was very professional.

Refrigerator Repair Cary NC arrived on time and was masked as well as having shoe covers to protect our floors. He diagnosed and solved our problems quickly. He even double checked a second refrigerator unit to make sure it didn't have the same issue as the freezer regarding custom installation mountings. Couldn't have

Service was amazing. I called on Monday,

Refrigerator Repair Cary NC came on Tuesday to diagnose the problem, I approved the quote that day, the parts came in on Wednesday, and the repair was complete on Thursday. This was on a 15 year old refrigerator so I was really impressed that it was that fast to get the needed parts. Aaron was incredibly professional and efficient. I am very impressed!

💢 💢 💢 3 weeks ago The tech was Aaron and was very courteous

and pleasant. Clearly knew his stuff. Probably not more than 15 min to open up machine and figure out the problem; diagnosed the problem super fast and repaired that in few hours. I highly recommend Refrigerator Repair Cary NC.
